Mableton SBM Attendance Tracking	Jun 03, 2025 11:28:35 PM	Yes - added to CRM			Name:Dalaina, Ware What's Your Email?:dware@thecodewiz.com What do you need help with?:Tech Support - Zoho What is your question? Please be as descriptive as possible and include specific asks:A trial family did not receive any text reminders for their trial. This caused them to forget and miss the trial. parent name is briginie amerson.	Hi Dalaina, Hope you're doing well! We had a look at the issue, and it turns out the problem was that the workflow wasn't connecting the contact to the lead. I've updated the SMS workflows accordingly, but I'd still like to keep an eye on things to make sure this resolves it. If you notice the issue continuing or need anything else, please don't hesitate to reach out. Best regards, Eduarda	Ticket - CW:: SMS Reminders - Trial Workflow 1; CW:: SMS Reminders - Trial Workflow 2-20/4 CW: SMS Reminders - Trial Workflow 3	
Cypress SBM Attendance Tracking	Jun 05, 2025 7:59:00 PM	Yes - added to CRM			Name : Kristen, Black What's Your Email? : Cypress@thecodewiz.com What do you need help with? : Tech Support - Zoho What is your question? Please be as descriptive as possible and include specific asks : converting Cecilia Anderson Please paste the link to your video that might help explain your issue better. : https://www.loom.com/share/2aab71f5d24041b8a536e5a58e0e490e?sid=5b8ed4a1-5a35-4d7b-ba13-08a9190a202c	Hi Kristen, Thanks so much for the detailed walkthrough - that was really helpful. We've looked into the issue, and you're right - the problem is happening because this lead was originally converted through Katy. The good news is that we've implemented new workflows to prevent this from happening moving forward. I've gone ahead and converted Cecilia Anderson for you. If there are any other leads that should be reassigned to Code Wiz Cypress, just let us know and we'll get them updated. But rest assured, all new leads going forward will be coming through to you directly. Best, Eduarda	Added Cecilia as Code Wiz Cypress. The new workflows prevent this from happening again.	
Plainsboro SBM Attendance Tracking	Jun 07, 2025 12:33:10 PM	Yes - Removed filter in zap (https://zapier.com/editor/222470810/published) + added to CRM			Eduarda, I can't find the regular Friday email with the certified X-skills Tutor updates. Can you provide the latest for me please. I also checked our tracker document under coaches and that does not seem to be updated either. Please advise. TY - **Byron**	Hi Byron, I spoke with Michelle and the team - they're checking internally, but we may need to wait until Fay returns from vacation on Monday. I will talk to her monday! Best, Eduarda	Thanks Eduarda! I received today's report. I was hoping not to have to wait until today to get this info. With the tile it was given, that explains what I could not find it in a search. I also added my latest leads list for your to send to our X-skills prospects.	Sent Byron updated sheet
Ring Central to Rutherford Zoho - Calls End	Jun 10, 2025 6:19:58 PM	Yes - Nothing wrong - just went to the wrong path, ran it again and success.			X-Skills: Janine Pellico - Hello Yes we still are interested in Vinny continuing with Todd. Next week I have an intake meeting for the High Intensity program. It's a government funded support but my understanding is that it will be multiple times per week. So I expect that we would like to pick up with Todd after that program completes. It may be towards the beginning of the school year. Thanks			
					Hi Javier, Ana, and Eduarda Franchisee from Lawrenceville wrote me to show she is receiving messages for Edison in her CRM. She is not seeing any if her own messages. I am pending response from Edison to confirm if he is having the same issue. Unclear how wide spread this is - at the very least we have one center which cannot conduct FLUP correctly until this is resolved. Please see attached what Lawrenceville is seeing and advise.	Hi! I've updated the permissions - Edison can view his profile, while the other franchisees can access the social tab but won't have access to Edison's profile. Yes, in theory, any franchisee can access the Social tab. Both Lawrenceville and Edison should now be able to view their messages again. They also have the option to manually add their own social profiles if needed (this can be disabled). Each franchisee can manage content for their own location, but they won't have access to view or engage with any other franchisee's social media accounts.	Updated permissions + Added only Edison to their profile.
