RingCentral

Zapier Ring Central Automations

Ring Central to

Zoho - Calls Ended

Table element string placeholder

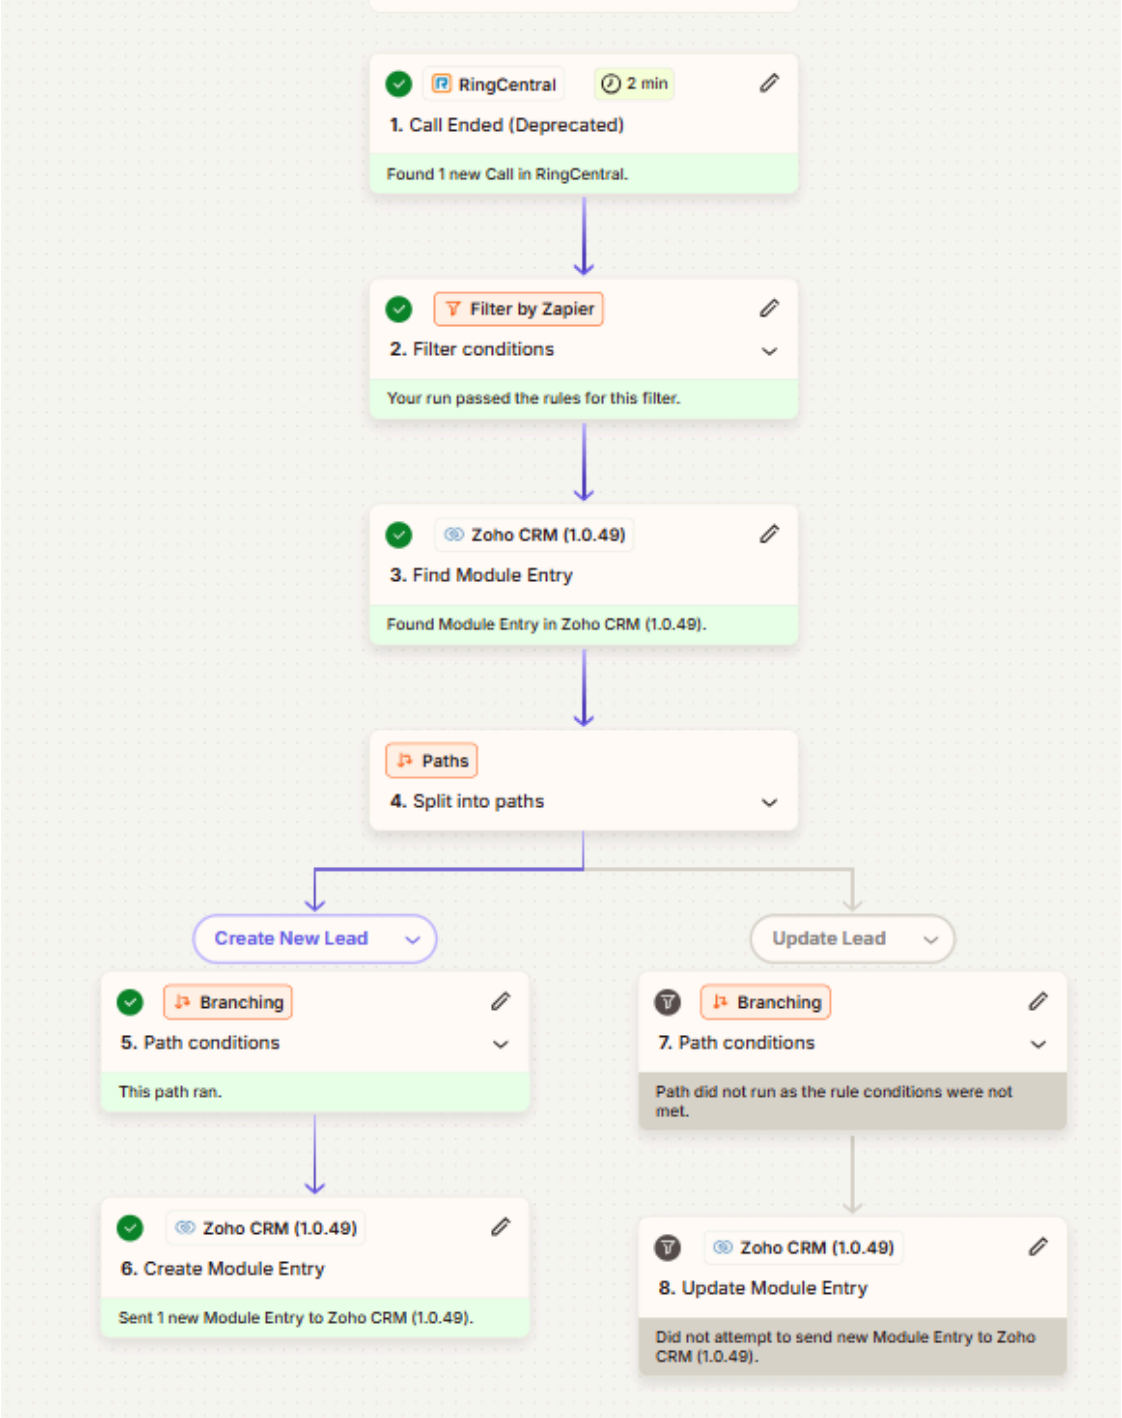

Image from CW - Tech Stack Mapping

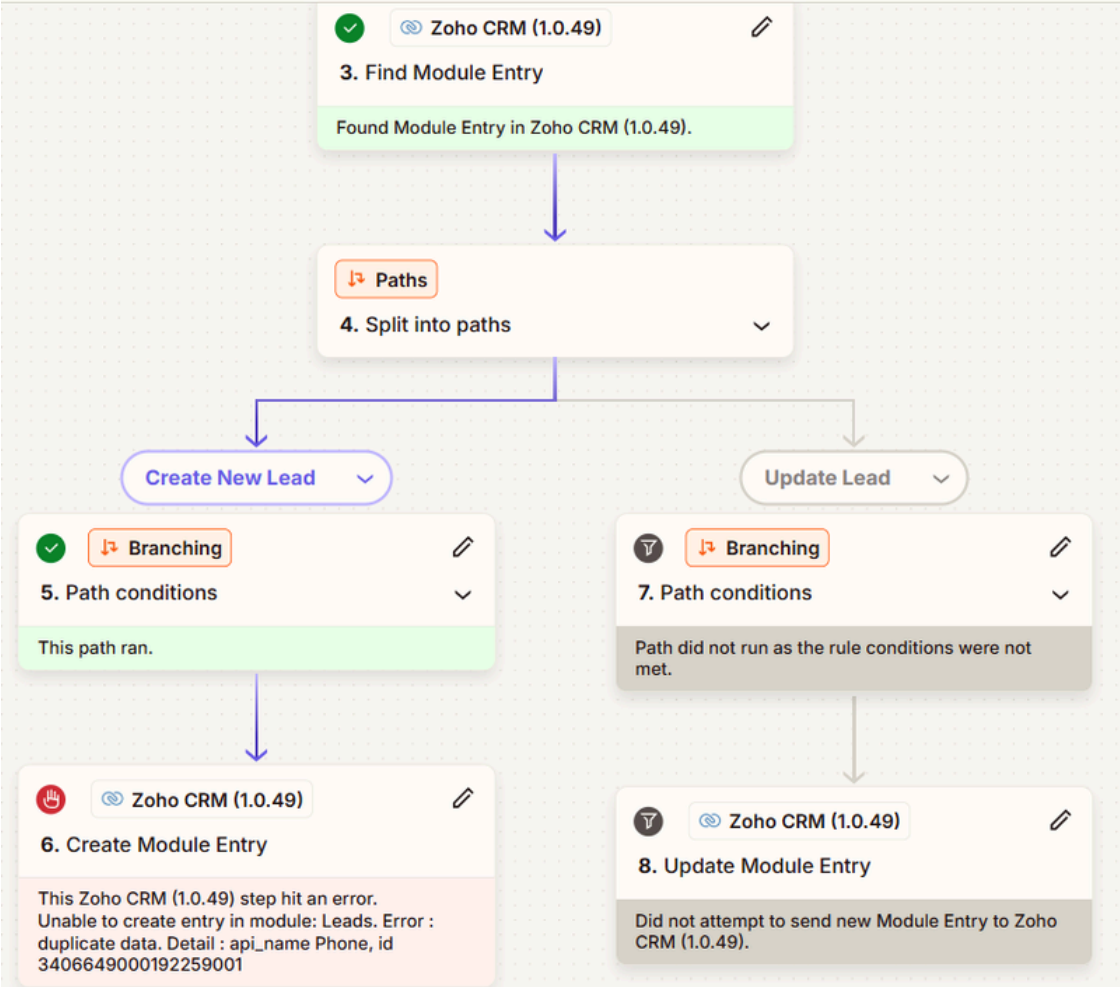

Image from CW - Tech Stack Mapping

General Setup

Updated fields:

1. Phone Call Notes: adds link to recording
2. First and last name: uses the output from “Find Module Entry”
3. For every updated field, it uses the output from step 3

Common cause of error

Ring Central to

Zoho - Calls Missed

Table element string placeholder

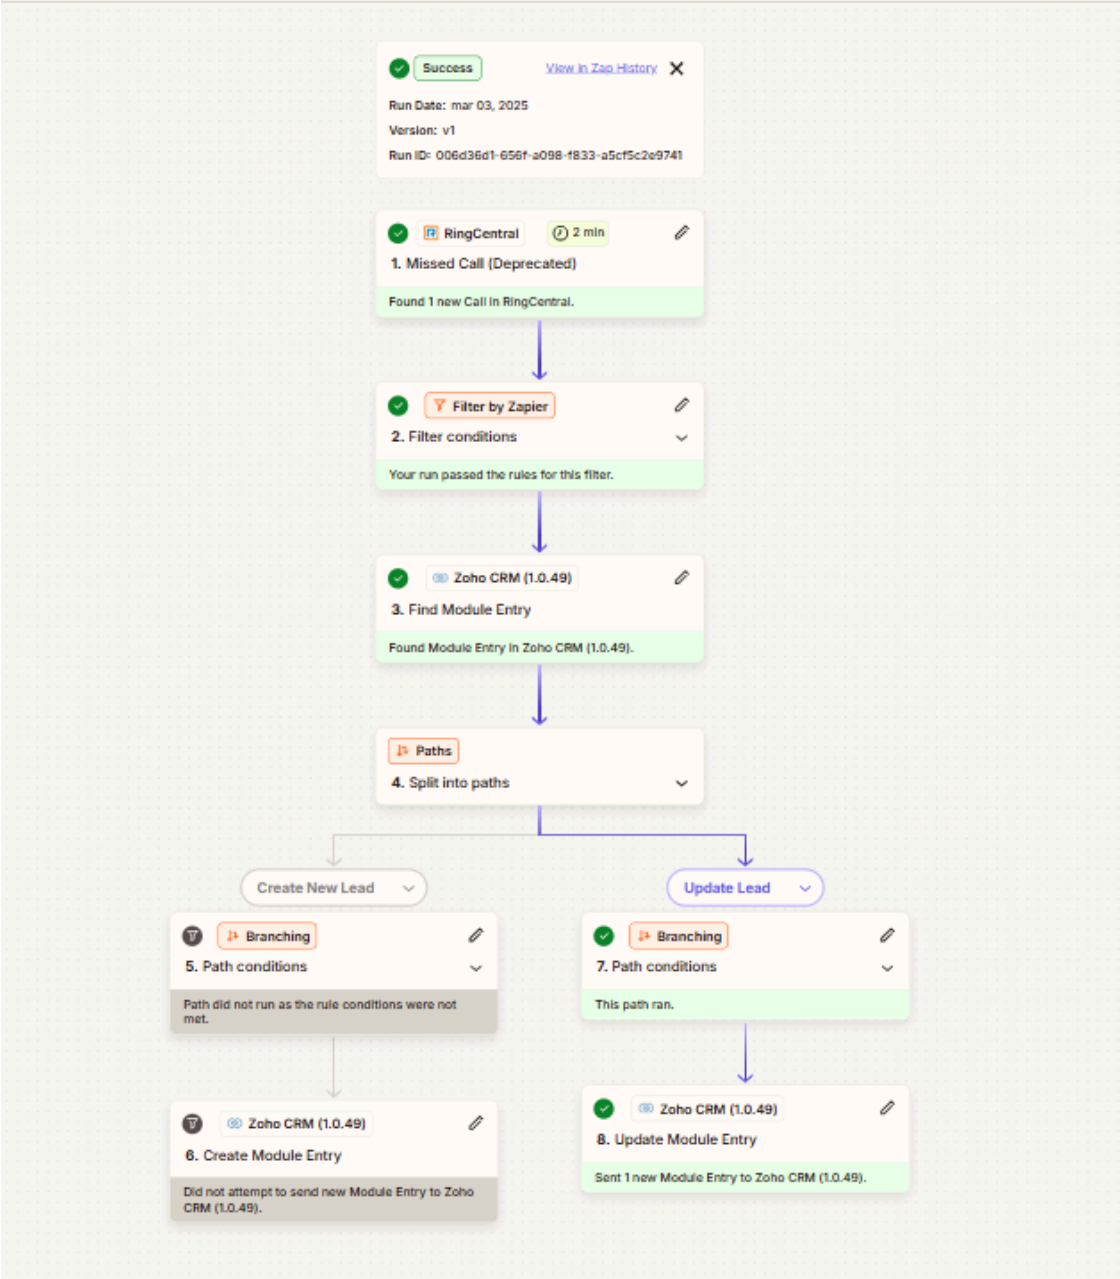

Image from CW - Tech Stack Mapping

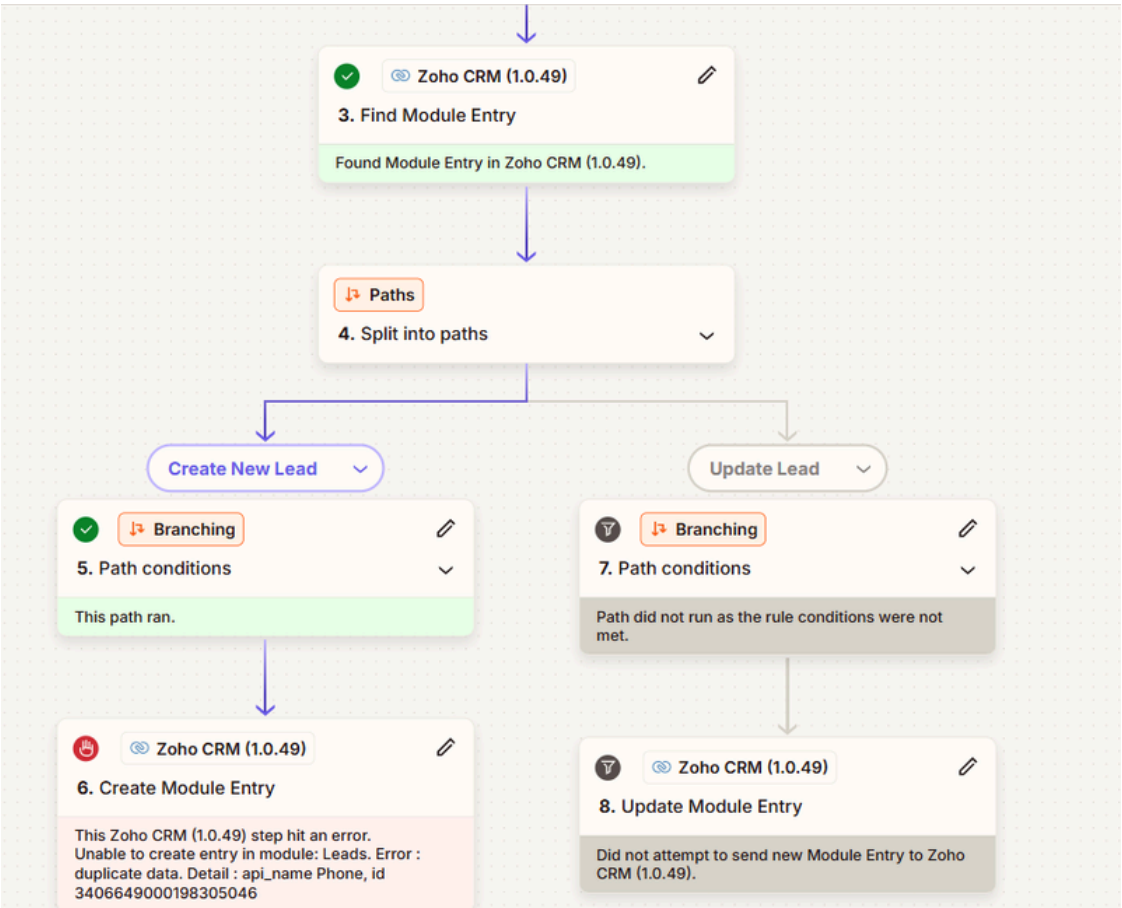

Image from CW - Tech Stack Mapping

General Setup

Apps might need to be updated (currently using Legacy version)

Common cause of error in all Zaps: does not find lead entry (step 3) but when trying to create one phone is duplicate (it should go through the path on the right)

Zoho Workflow Rules

Check Contact Phone

After 1 hour

Task added to Call lead using Phone Script

CW: Initial Phone Call Task for Leads

Trigger: After 1 hour of lead creation. For **ALL** leads.

Name of task: Call Lead using Phone Call Script - if a “True Lead”

check if zee adds notes or what after calling

Requires manual check if “True Lead” ???

1 day after

Create Task Auto with Lead Name & Status

Copy of CreateTaskAuto

Trigger: Executed 1 day after lead creation. Reccur Once

NOT LINKED WITH RIGHT FORM

Flow on the website can sometimes be confusing. A franchisee mentioned that she needed to create her own website because of this

Zoho Workflow Rules

Tasks created

- ☐ Call if lead has not signed up for trial class
- ☐ Sends email/SMS depending on the form
- ☐ 1 day after: check if lead signed up for trial class, if not start FLUP

Zaps send an email to the location and create/update the lead in Zoho

Lead added to Zoho

Trial Class

SimplyBookMe - Zoho CRM

Updated fields:

1. Lead status: trial booked
2. Lead source platform: SBM + self assigned
3. Intro notes
4. Trial Class Date
5. Date trial was created
6. Child name, age

Lead created/updated in Zoho

Trial Class Zoho Workflow

When Trial Class Date is modified to any value:

1. Update status to Trial Class Booked
2. Creates task “Begin Post Trial FLUP”

Community Event

SOP vs Reality

1. Create a Zoho form, which automatically uploads the leads to the CRM
2. Sometimes, franchisees use a custom form or Excel and then upload it to Zoho.

Paid Social Media
